Why use a travel agent like me?

Our World | Your Way

- ~ inspired by experience
- ~ handled without hassle
- ~ curated with honesty

At a time that we all have access to book our own travel, why use a travel agent like myself?

In a few words, my expertise, guidance, honesty, support and personal friendly service that I offer. I genuinely enjoy creating holidays and experiences for people. I love the research, the planning and most of all sending people away on their dream trip.

Read on for more on why to explore with me/

When you work with me, travel becomes stress free...

Of course there are places I have still not been to but there is a good chance I know about them and what to do there. I have now turned my love of travel into my own business so I can pass on my knowledge and passion to all of my clients.

Planning holidays can be stressful and time consuming, when you work with me I take all that away, all you have to do is pack your bags and be ready to go. I have access to a wide variety of suppliers and partners where I can search for the right deal that is unique for you.

Why book with me?

Feel inspired. Be adventurous.

I do not charge a booking fee as my commission is built in with the suppliers I use, so this means that there is no fee to use my services. I am fully trained and am ABTA and ATOL qualified.

With my wealth of knowledge I can provide you with inspiration on where to go and also take away the pain of more complex trips such as group travel, multi trips, connecting flights and so on.

Travel is not about the big price tag, it's about taking a trip that is relevant for what you, your friends or family want to do. This is where I can tailor your needs to your budget be it a once in a lifetime trip, an overnight staycation, a first time safari or a European mini break.

Whatever your travel plans, if you would like to have an informal chat to hear how I can help or if you already have an idea and are planning it then please get in touch.

I am fully trained and am ABTA and ATOL qualified under ABTA number P7384.
